

Aluminium Louvred Roof Pergolas

Free-standing aluminium pergolas with a roof of 220 mm aluminium louvre blades.

OVERVIEW

The louvred roof pergola frames a terrace, garden or poolside as an outdoor room. A rectangular aluminium frame on four posts carries a roof of 220 mm all-aluminium louvre blades, with projections of up to 5,000 mm.

220 mm aluminium blades	All-aluminium louvre blades, 220 mm wide, form the roof.
Aluminium frame	Extruded aluminium posts and perimeter beams.
30+ year warranty	Warranty of 30 years or more, as stated by the factory.
