

Retractable Sunrooms & Pool Enclosures

Telescopic glazed enclosures with arched aluminium sections and laminated glass.

OVERVIEW

The retractable sunroom is built from arched aluminium sections that slide over one another, so the enclosure can be closed over a pool, deck or courtyard and opened again. Sections are glazed with 5+5 mm laminated glass in 1,100 × 1,100 mm panels, with projections of up to 5,000 mm.

Telescopic sections	Arched sections slide over one another to open or close the enclosure.
Laminated glass	5+5 mm laminated glass in 1,100 × 1,100 mm panels.
30+ year warranty	Warranty of 30 years or more, as stated by the factory.
